
Dear Parents,

RE: LARYNGECTOMY ASSOCIATION OF VICTORIA VISIT

As part of our on-going commitment to Drug Education, and as a precursor to our Life Education Van visit next week, we have been able to organise a presentation from some members of the Laryngectomy Association of Victoria. These men and women have been diagnosed with smoking related throat cancer, have lost their voice box and now breathe through an opening in their throat and speak through voice prosthesis. This group has addressed over 10,000 Victorian school students and their message is simple: Smoking is just not worth it.

The group will speak of their stories, show an informative DVD and answer questions from students on Friday August 8th. We believe this to be an incredible opportunity for our 5/6 students and teachers. The cost of this visit will be covered by the school.

If you have any concerns or queries regarding this visit please do not hesitate to contact your child’s classroom teacher.

Kind regards,

5/6 Team

Phil Clinkaberry
Principal
