CareWorks SunRanges Inc. is a not-for-profit crisis relief centre set up to help people who find themselves going through a difficult time. CareWorks can offer assistance and relief in a variety of ways to people with disadvantage, such as poverty, suffering, distress, misfortune and helplessness, regardless of age, sex, race, ethnic background, religion, political beliefs or marital status.

This may include food relief, clothing, furniture or other articles, emergency financial assistance and referral to services such as social welfare services, accommodation, rehabilitation facilities, legal aid and counselling.

Killara Primary School will be helping to raise money for this worthy cause by hosting a Pyjama Day on Thursday, September 15th. Students and staff are invited to rug up warmly in onesies or pyjamas and bring a gold coin donation so that we can help CareWorks SunRanges Inc. continue its great work. Remember to consider appropriate footwear and dress appropriately for the weather! You may need to wear some normal clothes under your pyjamas.

Our sincere apologies for the lateness of this notification. The event has been on the calendar on the newsletter, but we neglected to indicate the arrangements. Sorry for any inconvenience this may cause.
